

30TH ANNUAL
GREEN CHEMISTRY AND
ENGINEERING CONFERENCE
INDUSTRY, INNOVATION AND INFRASTRUCTURE
SAN ANTONIO, TX | JUNE 2026

May 20, 2026

rksharmagreenchem@hotmail.com

Dear Prof. Sharma,

Congratulations on the acceptance of your abstract, *"Green chemistry network centre (GCNC) India: Governing material change through green chemistry via industry-academia partnerships,"* for presentation at the [30th Annual Green Chemistry & Engineering Conference](#), to be held **June 15–18, 2026** in San Antonio, TX, USA. We warmly invite you to join us.

Your participation is an important component of an ambitious program designed to integrate the varied aspects of green chemistry and engineering and expand research and implementation. The conference will bring together leading international researchers from industry, academia, and government to discuss breakthrough technologies that advance global sustainability.

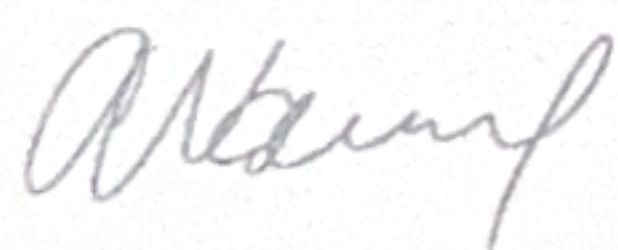

The 30th Annual Green Chemistry & Engineering Conference is open to international attendees, and we anticipate robust engagement among participants from around the world. We strongly believe that your attendance will both enhance your professional development and meaningfully benefit other conference participants through the exchange of ideas and expertise. Overall, your participation will contribute significantly to the advancement of green chemistry. To support your attendance, the ACS Green Chemistry Institute is facilitating your travel and registration costs.

Meeting Location:

San Antonio Marriott Rivercenter on the River Walk
101 Bowie Street,
San Antonio, TX 78205

For more information, please visit the official conference site, www.gcande.org. We look forward to meeting you and learning more about your efforts to advance green chemistry and engineering.

Sincerely,

Adelina Voutchkova, Ph.D.
Director of Sustainable Development
ACS Green Chemistry Institute ®
